

## Catching variation during fieldwork on Nakh-Daghestanian languages

George Moroz, Samira Verhees

Linguistic Convergence Laboratory, NRU HSE

26 November 2019

# Introduction

read about variation and put it here

Data were collected from

- 44 Zilo speakers (Upper Andic, Northeast Caucasian) during the fieldwork in 2019

Created with [lingtypology](#) [[Moroz 2017](#)]

Data were collected from

- 44 Zilo speakers (Upper Andic, Northeast Caucasian) during the fieldwork in 2019

Created with `lingtypology` [[Moroz 2017](#)]

- and 23 Nakh-Daghestanian researches via online questionnaire

Moroz, G. (2017). *lingtypology: easy mapping for Linguistic Typology*.
